

Dear friends,

Is God good? I'm sure we have all asked the question. The message of this recording was born out of a desire to recognize the goodness of God. **God is good, no matter what.** He cares about each one of us and lovingly superintends each of the events of our lives for our eternal good. (Rom. 8:28) Can this be a foundational principle in every event of our lives? Can we trust God no matter what disaster or calamity we are facing? Can we look back on our lives and see that He has been good and trust our future into His hands? Ultimately we understand and experience the goodness of God through Jesus Christ. God gave His only Son to die for us and pay the price for our sins. With our sins forgiven by the blood of Christ, our relationship with God is restored and our future in heaven with Him is secured! It is our desire that as you listen to these songs, your faith in the goodness of God would be strengthened.

---

This recording was produced to raise funds for our daughters with MSUD (maple syrup urine disorder.) Patients with this very rare genetic disorder cannot metabolize proteins in food and must maintain a very strict diet to prevent a metabolic crisis that could lead to brain damage or death. Illness, especially with fever and vomiting,

can cause the protein levels in the blood to escalate rapidly. After reaching adulthood, MSUD patients begin to lose their cognitive faculties, e.g. loss of concentration, symptoms of anxiety, panic or depression. In 1997, Dr. D.H. Morton and Dr. K.A. Strauss discovered liver transplantation to be a cure for
